THE "ONE THING" IS THREE

FR. MICHAEL GAITLEY, M.I.C.

WARNING! This book is dangerous. It brims with wisdom and wonder, and with enthusiastic and infectious joy. If you want to preserve your comfortable categories and ideological classifications of Catholicism as either "liberal" or "conservative", don't read this book. It will turn your prejudices inside out and upside down.

If you think the Church's teachings are unintelligible, outdated, impersonal, boring, repressive, platitudinous, impractical, or irrelevant; if you think that theology makes no difference to the energy and joy with which you live your daily life; if you think Vatican II was a mistake; if you think St. John Paul II was not the greatest man of the 20th century; if you think the Church's old dogmas like the Trinity and practices of Marian devotion and Eucharistic Adoration are "out of touch" with the modern world and modern youth; then this is the very best book for you. It will turn your myopia inside out.

"The 'One Thing' is Three is written for everyone. The conversational tone has an appeal that invites the reader into the journey of life. I highly recommend this book for anyone who loves the Church and seeks a deeper understanding of her teachings. Filled with references to Vatican II and St. John Paul II, this book will enrich your belief in God's plan of salvation."
