

SEPTEMBER 2014 FEEDBACK

Diocese: Denver

State: CO, US

Media: **Glimpses Along The Way of the Cross**

I've listened to about 30 CDs from Lighthouse Catholic Media and love them all. This talk by Msgr. Shea stands out as the best. I listen to it on repeat in my car all the time and shared it with my fiancé who agrees that it's the best one she's listened to as well.

Diocese: Steubenville

State: OH, US

Media: **The Bible Made Me Do It**

I think Tim Staples' enthusiasm really catches your attention. His talks have helped me become Catholic.

Diocese: Helena

State: MT, US

Media: **How to Date Your Soulmate**

It really spoke the message in a way that I could understand and relate to. Thank you so much for this. I look forward to listening to more CDs!

Diocese: All New Zealand

State: NZ

Media: **What's So Great About Being Catholic?**

This was an awesome talk. My friend asked me, "how come we weren't taught of it this way?" He meant the beauty of the Catholic Church, especially the saints. We need more talks like this by young apologists for the youths: a good humor and story-telling way.

State: PE, CA

Media: **Making Sense Out of Suffering**

I found this talk so beneficial! The idea of suffering is something I have struggled to understand and trying to explain my beliefs to others has been even harder. Thank you so much for this CD; it is one that will be passed on to many friends.

Diocese: Little Rock

State: AR, US

Media: **True Devotion to Mary by St. Louis de Montfort**

I was prepared to begin the True Devotion, when my priest told me about this CD. It helped me to see the historical and theological significance of what I was doing as well as the RIGHT way to do it. I am thankful for having a priest explain to us how the True Devotion points us not to Mary herself, but to Christ always. I needed to hear that, and after I made the consecration, I kept listening to this CD. I just went through the CD again today and I'm so glad I did... Just more reminders of what living out the Devotion looks like. Thank you!

Diocese: Washington DC - MD

State: MD, US

Media: **The Truth**

Although I am Catholic, I found Fr. Larry Richards' talk so inspiring and learned so much more about my faith. All his stories were wonderful, insightful, and brought home the point of dying to self in order to

become more like Christ Jesus. I especially loved his prayer surrendering to Jesus which I wrote down. I plan to recite and ultimately memorize as part of my daily prayers to the Lord.

Diocese: Toledo

State: OH, US

Media: **Confession**

Totally interesting and solid presentation that covered the biblical basis for confession as well as the best way to make an examination of conscience and the easiest way to actually speak to the priest in the sacrament. An interesting and gentle thought-provoking approach to the riches of Reconciliation.

Diocese: Richmond

State: VA, US

Media: **Parenting for Purity**

Jason has such a beautiful message and delivers it so clearly that I will be sharing it with every parent I know. If more young adults could know the truth in his words, so much heartache and sin could be avoided. Thank you for providing parents like myself the tools to help raise more virtuous, Catholic children!

Diocese: Omaha

State: NE, US

Media: **True Worship**

I really enjoy listening to Fr. Mike Schmitz. He is an outstanding speaker and has such a unique and effective way of teaching that is able to touch people of all ages. He has helped me rediscover the meaning and purpose of worshipping God.

State: ON, CA

Media: **The Bible Made Me Do It**

This was very lighthearted and compelling, and what I needed to hear as an evangelical Protestant whom God has "dragged" over to the Catholic viewpoint. His sense of humor balanced with his obvious love for God, and His love for His Protestant background especially, was something I really needed to hear. This road to Rome is not an easy one to go down as a Protestant, but there is hope, and love, and laughter along the way.

Diocese: Sacramento

State: CA, US

Media: **The Fourth Cup**

The talk was most moving. I have been a practicing Catholic all of my life and have never heard an explanation of the Eucharist in the way that Dr. Hahn gives. He is truly extraordinary, and I will do my best to spread his words to those who have strayed from the Catholic Church.

State: TX, US

Media: **Jesus the Bridegroom: The Greatest Love Story Ever Told**

I loved it all - it just drew me in and I kept listening to it over and over again for days!

Diocese: Scranton

State: PA, US

Media: **Finding the Fullness of Faith**

This talk by Stephen Ray is absolutely fantastic. I must have listened to it over a dozen times. It was an

eye opener (or ear opener!) to hear how other Christian denominations wrongly view our precious Catholic faith. As a person who defends the Catholic faith- this talk is like a much needed weapon of defense. Stephen Ray brings up many issues that we hear over and over again by those who have no idea what being a Catholic is all about! I highly recommend this CD to all Catholics and non-Catholics alike as a very valuable insight as to what our Church is REALLY about.

Diocese: Scranton

State: PA, US

Media: **The Lamb's Supper**

This CD is just priceless. I have listened to it more times than I can count and every time I do, I learn something new. As a cradle Catholic (and long time Catechist), I never thought much about the book of Revelation as being about the Mass. After hearing this amazing talk, I can see now that we are really entering into Heaven every time we attend the Catholic Mass. This CD is a must have for each and every Catholic (and non-Catholic!) in the world. Just amazing!
