Media: **Consoling the Heart of Jesus - BOOK**

One of the most life-changing books I have ever read! I have used this book at retreats, and I purchased or recommended this book to at least 7 or 8 people. It is profound and stirring. The meditations opened my heart to falling in love with Jesus and gave me a perspective on my relationship with Him I had never dreamed of before. I read this book at least a year ago and to this day recite his Consoling Jesus Morning Prayer from heart every morning.

Media: **Trust in the Lord**

This talk was one of the best I have heard yet from Lighthouse Catholic Media! I loved all of it. I've been recommending it to my family. I am the retreat coordinator at my university and our next retreat's theme was on trust. This talk greatly helped me and the team prepare the spiritual components of the retreat. I've listened to it a few times now and it reminds me of what trusting in the Lord really means. Trusting in the Lord becomes more appealing and less intimidating.

Media: **Discovering the Biblical Significance of Mary**

I always enjoy listening to Dr. Scott Hahn. He explains connections through the Bible that I would never find on my own and that are missing from my Catholic religious education background. Dr. Hahn also has a way of making a complicated subject easier to understand. These CDs are helping me to understand and appreciate the teachings of my faith on a deeper level.

Media: **That Awkward Moment When God Changed My Life**

I enjoyed this talk so much that I played it for my religion class. Paul J. Kim's sense of humor as he speaks about his experience as a Catholic appeals to youth. They enjoyed listening to his story, but also his presentation that prayer is cool!

Media: **Meet Your Mother: An Introduction to Mary**

I consider myself to be a practicing Catholic and I knew about the Dogmas and the doctrine, but I've never heard them explained like this before. It is spectacular to have it all in one talk! By the time I was done listening to the presentation, including the bonus about Mary, Undoer of Knots, I was in tears knowing that Mary is truly, truly there for me as my Mother. It is so rich that you cannot listen to it too many times!

Media: **Why a Protestant Pastor Became Catholic**

For me, it was a reaffirmation of my Catholic Faith. I especially enjoyed the way Dr. Hahn narrated his story. It truly captivated me and left me feeling good such that I felt I need to spread the message communicated.

Media: **Anger and Forgiveness**

I have dealt with anger for 46 years, which has affected my marriage, my children and my overall life. I know now, for the first time, how I will be able to resolve my anger with the suggestions made by Dr. McDonald. He gave me so much insight into my problem, the reasons for the anger and how to deal

with it. My husband is listening to this CD also, and hopefully we will have peace and happiness at last. I am also sharing this with my adult children, who have been affected by our anger.
