What Is Word On Fire?

CONVERSION

Shows how an encounter with Christ can be life changing

Hear the stories of six ordinary people from the Bible who were met by Jesus where they were and were called to a better life through Him. The common theme in each story is the turning of all one's attention and energy toward an ever deeper, personal relationship with Jesus Christ. The Lighthouse CD by Fr. Barron, *Following the Call of Christ: Biblical Stories of Conversion*, is an excerpt from this program.

SEVEN DEADLY SINS, SEVEN LIVELY VIRTUES

Encourages repentance and spiritual growth

Based on Dante's writings, the seven deadly sins correspond to the seven stories of Dante's Mt. Purgatory: Pride, envy, anger, sloth, gluttony, avarice and lust are all presented as patterns of dysfunction within us that lead to unhappiness. Fr. Barron shows how to counteract these sinful patterns through a conscious process of opposition, which are the seven lively virtues.

EUCHARIST

Demonstrates why the Sacrament is the source and summit of the Faith

This formation program takes a fresh look at the Eucharist and brings to light its reality as sacred meal, the sacrifice necessary for communion with God, and the real presence of Christ.

Atheists know the Catholic Faith better than we do.
~ Pew Forum Study on Religious Knowledge Among Americans

Dear Father,

The above headline was gleaned from a letter by Father Robert Barron (attached). Given your vantage point, my guess is that this finding is not news to you.

Father Barron is the founder of **Word on Fire Catholic Ministries**, and he is out to change the outcome of that Pew Forum Report. **Word on Fire** has a simple but revolutionary mission: **to evangelize the culture**. Archbishop Timothy Dolan calls him the *Fulton Sheen of the 21st century*. Click here for a brief biography on Father Barron: www.wordonfire.org/About-US.aspx. For more information about his work, please visit: www.WordOnFire.org.

I'm writing to let you know that all of the **Word on Fire Adult Formation Programs** are now available through Lighthouse Catholic Media. These are exceptionally well-conceived and executed programs that can be presented in small groups, larger classroom style settings, or on any scale that fits your particular needs. The programs are outlined in the attached PDF.

Word on Fire programs are easy to implement. There are no administrative fees, no licensing fees, no pre-launch training sessions. The CDs or DVDs and workbooks make it easy and enjoyable for people to participate and learn without having to tackle extra reading assignments. The cost of the materials is modest, and participants can purchase their own CDs, workbooks, and if desired, DVDs.

It would be my privilege to help you introduce these materials to your parishioners.

I'll give you a call to see what you think about offering the **Word on Fire Adult Formation Programs** to your parishioners.

I look forward to talking with you soon!

WORD
ON FIRE

THE DEPRESSING PEW FORUM STUDY

By Rev. Robert Barron

The Catholic Church is suffering mightily today from two self-inflicted wounds. The first is the clerical sex abuse scandal, involving the gross violation of the most vulnerable members of the community by some priests and the countenancing or enabling of this crime by some bishops. This outrage has been the perfect storm. Not only has it deeply wounded young people, it has also compromised the work of the church in almost every way, since it has undermined so thoroughly the credibility that the church requires in order to teach, preach, catechize, and evangelize. If you had asked me twenty years ago what the worst moment in American Catholic history was, I would have identified the mid nineteenth century, when anti-Catholic bigots were burning down convents, attacking priests, and organizing political parties whose purpose was the elimination of Catholicism on these shores. But now I would say that the worst moment in American Catholic history...

...and occurred many years ago but has had, perhaps, just as much impact on the church as the abuse crisis. In the years immediately following Vatican II, the primary mission of the church was to embrace the modern world. It was to embrace the modern philosophy, art, poetry, and theology that were being developed. The conditions for the possibility of this approach were the modern culture. The consequence was what I have termed a "modernity, hyper-apologetic, unsure of itself." The beige of the events of September 11th elements of that modernity—Christopher Hitchens, Daniel Dennett, Richard Dawkins, and backward-looking. And confronted with this enemy, the church has, therefore, also crucially compromised the...

All of this came to mind when I read the results of the recent Pew Forum Study on religious knowledge among Americans. The survey asked a representative sample of Americans a series of 35 questions dealing mostly with Christianity but also with the other great religions.
