Prove it, God! ...and He did

Patty Schneier

As a lifelong Catholic, wife, and mother of three, Patty Schneier struggled with the Church's teaching on contraception, as many men and women do today. Her discovery of Pope John Paul II's Theology of the Body revealed to her the fullness of God's plan for sex and marriage, and led to a dramatic renewal of her marriage and her faith. Patty now speaks around the country about the challenges she faced on her amazing journey.

"I pray that this story will touch your heart as it has touched mine... But be careful—It may turn your life upside down!"
