This talk changed how I view all that has happened and will happen in my life!

Diocese: Wheeling-Charleston

State: WV, US

Media: **Confession**

As a non-denominational Protestant seeking full communion with the Holy Roman Catholic Church, this was helpful in giving me a greater understanding of an essential sacrament of grace that I have missed out on thus far in my life.

John Pridmore's talk relates to everyone - men, women and teens. One of my absolute favorites!!

Media: **The Making of a Jewish Nun**

I loved how dynamic, honest, funny, and real the speaker was. She made me laugh, cry, think, learn... It really made me want to learn more about my faith, about the Jewish roots to my faith, and share her talk with everyone I meet.

I enjoyed listening to Dr. Hahn. I will definitely recommend this CD to a friend who has left the Catholic Church.

I enjoyed the CD and highly recommend it to everyone. I have four teen daughters and I am a catechist for 9th grade confirmation candidates. This CD helped me to be more prepared for the odd questions our youth are asking today.

Every Christian of the third millennium needs to listen to this! You will become firmer and more appreciative of your identity as a child of God and of God as your Father. You will also begin to see the urgency that we have in this age to stand firm in our Catholic Faith and to proclaim it to the world.

Diocese: Scranton

State: PA, US

Media: **Winning the Culture War**

Dr. Kreeft's clever mode of presenting the lecture from the perspective of Screwtape was an excellent means of driving home the message about the decline of society and the threats to the Catholic Church. His presentation was painfully honest and very much needed in light of the times. This was an absolutely WONDERFUL presentation. Thank you for making it available.

This is the best CD that I have listened to! For the first time, I truly understand what trusting the Lord means and how it can be done. It has really touched my life.
