THE ONE THING

MATTHEW KELLY

In this deeply personal bestseller, Matthew Kelly reflects on the challenges of passing faith onto one's children. Written just ten months after the birth of his first child, he writes about his own faith, why religion has played such a powerful role throughout history, why so many people are leaving the Catholic Church today, and the hopes he has for his son when it comes to the spiritual life.

Matthew writes, "Religion is the primary humanizing force in a person, in a society, in history. In my own experience this is particularly true of the Catholic form of Christianity. Catholicism makes me a better version of myself. It makes me more human." But ultimately, his reflection centers on a single question: "If I could teach my son one thing that would ensure his appreciation of Catholicism, what would it be?"

As always, Matthew's ideas are engaging and challenging, but writing for the first time as a father it is clear that he is growing in new and fascinating ways.

"Matthew Kelly's approach has often been to simplify the important lessons in faith and life and show people practical ways how they can live them out. He's identified, simplified, and summarized the essentials he wishes to pass onto his son, thereby reminding each of us that our true presence and genuine love and compassion for others are two of the most important evangelization tools appropriate for all age levels. This little book may very well be a catalyst for parents, young adults, and grandparents to rediscover Catholicism."
