

Print in color. Then cut **THROUGH** the red lines to connect matching numbers in order 1-8. This will leave you with 3 precisely sized price cards to place over the old information.

Place the new price cards over the relevant information. You may want to put tape on the back of the cards to hold them in place.

These two cards should be taped to the old price card, Not to the plastic tray. Remove the old cards from the tray to attach the new cards, then replace the card
