

AUGUST 2013 FEEDBACK

Diocese: Providence

State: RI, US

I came into full communion with the Catholic Church in March, 2013 after a 45-year absence. I was attending a non- denominational church and became involved a few years ago in pro-life ministries where I came into contact with primarily Catholics whose lives gave testimony to a real and visible commitment to their faith. I began listening to a new radio station out of Providence, Relevant Radio, in 2012 and that is how I found out about your Apostolate. CDs I purchased from LCM by Fr. Peffley, Fr. Richards, Peter Kreeft, and others, played an important role in my return to the Catholic Church.

Diocese: St Louis

State: MO, US

The Lighthouse CDs were a big part of what started my process of returning to the Sacraments after 40 years. It was listening to Matthew Kelly and making some initial small steps to become more than someone who attends Mass on Sunday to the desire to know Jesus. The further development of my understanding from Scott Hahn's many CDs to Jeff Cavins, and on and on. The hunger to know God grew as I attended the Bible Studies of Jeff Cavins to grow in my understanding of the Church and the Word of God. Bishop Joseph Perry's CD on The Catholic Teaching on Marriage & Annulments gave me the courage to seek an annulment for the second time that resulted in my wife and I being able to be married in the Church after 40 years with our 6 children, 14 grandchildren and a great grandson present. I want to better equip myself to grow and share Jesus by my knowledge and actions each day.

This should be required listening for every Youth Group in the country, not to mention adult men and women. It gives you the information that the media is not reporting - research that shows not only the social disintegration, but also the health issues caused by contraception.

Best Lighthouse Catholic Media CD that I've listened to yet!
