## Aborting America

The Story of an Ex-Abortionist and Ex-Atheist

*Dr. Bernard Nathanson*

This incredible talk is a candid account of the conversion of the late Dr. Bernard Nathanson, one of the foremost pioneers of the modern abortion industry. He explains how, through the use of technology, he came to recognize the undeniable humanity of the unborn child and became an outspoken pro-life leader. This story of his journey to the Catholic Faith is both dramatic and inspiring.

This presentation also includes an excerpt from *There is Life in the Womb* by Archbishop Fulton J. Sheen.

"As the director of a Hispanic Pro-Life outreach, I was enriched in my appreciation for God's mercy and forgiveness, and was invigorated in my call to be a voice for the unborn."
