

DECEMBER 2014 FEEDBACK

Diocese: Richmond

State: VA, US

Media: **The Lamb's Supper**

I was so enthralled with the journey Dr. Scot Hahn had taken to discover the Mass in the Book of Revelation that it inspired me to purchase several copies of this CD to send in my Christmas cards and distribute to friends. The reaction from my family and friends who listened were similar to mine; all were grateful for the testimony and wanted to listen to the CD again. Some had read his book "The Lamb's Supper" already but enjoyed hearing the CD as well.

State: WA, US

Although I have always had devotion to the angels, I was educated through this CD in a way that solidified my devotion as not just something pious, but genuinely sound in doctrine and Church Tradition. I made the personal commitment recommended by Dr. Miravalle. This session prompted me to attend Mass more often during the week and to pray before the Exposed Eucharist several times a week.

I am on the road for my job and I try to listen to Catholic media as much as possible. I purchased this yesterday and listened to it all today.
