

You, Your Child, and the Heart of Baptism

More than a traditional rite, an important symbol, or an excuse for a family photo op at church, Baptism is a pivotal spiritual experience that we often take for granted, or simply don't understand.

Reborn is a new video series that explores the true meaning of Baptism through Scripture and Catholic Tradition. Including practical preparation for parents and godparents, Reborn goes through the Rite itself to illuminate the significance of every phrase and action, and includes the many ways to nurture the spiritual lives of the Baptized.
