## BOOKLETS

### AUGUSTINE OF HIPPO

St Augustine was a bishop, a father of the Church, and a Doctor of the Church, but above all is a man with an extraordinary story to tell. This booklet uses his famous *Confessions* to recount the wonderful journey from a life of sin and error to a life lived for Christ and his fellow Christians.

### CREATION & SCIENCE

Can science explain how the universe came into being without reference to a creator God? This booklet explores this idea and the arguments that have been brought into sharp focus by Stephen Hawking's claim that his cosmological model "left nothing for a creator to do".

76 pages

### GALILEO: SCIENCE & FAITH

This booklet explains the facts of the Galileo case and traces the subsequent development of the myth that the Catholic Church has always been the enemy of science. This history proves that even in the Galileo case, the Church remained true to its belief that faith and reason belong together.

### MARIA GORETTI: Teenage Martyr

In 1902, Maria Goretti was murdered during a sexual attack. Her killer, himself a teenager, was a close neighbor well known to her and her family. When parents and teenagers strive for a balanced view of personal integrity and forgiveness to those who do irreparable harm, Maria's story speaks powerfully.

### PIER GIORGIO FRASSATI

Pier Giorgio Frassati's generosity was legendary. An open anti-fascist, a keen sportsman and mountaineer, an enthusiast of the theatre and literature, and a young man with a great devotion to the Blessed Sacrament, he stands as a great example of Christianity in action.

52 pages

### SCIENCE & RELIGION

Professor Barr overturns the widespread notions that the history of science and religion is one of conflict and abuse. He looks at the historical, philosophical and scientific claims of enmity between science and religion and proves that they have very little basis in fact.

## PAMPHLETS

### THE CHURCH AND SAME SEX ATTRACTION

The Church's teachings on homosexuality and gay marriage can only be understood within its overall view of the meaning of human sexual expression. This pamphlet gives a concise overview of the Church's understanding of same sex attractions.

### GET MARRIED OR LIVE TOGETHER?

Most see living together before marriage as a way of making sure they don't make a mistake. This pamphlet explores the reasons behind why couples that co-habitate are twice as likely to get divorced in the future, and provides practical advice on how to build a solid and lasting foundation.
